

ELITE CLUBS NATIONAL LEAGUE

Player Identification Form

Instructions: *The head coach of each ECNL team must complete a Player Identification Form at the conclusion of each ECNL game. The purpose of the Player Identification Form is to identify players from the opposing team that would be capable of competing in a US Soccer youth national team pool. It is possible that no players will be identified in a game, but when in doubt please identify a player as “Above Average” so that she can be tracked for the future. When recommending a player as a National Team Pool Player or higher, your reputation is on the line.*

Date: _____

Age Group: U15 U16 U17
